

**SPI**

### Description:

Lightweight disposable wrist strap, ideal for field service applications. One size fits all. The static dissipative vinyl has a surface resistance of  $10^7$  ohms, which yields an effective resistance to ground.

### Applications:

The disposable wrist strap is ideal for plant visitors and short term workers. Because of its low cost, it can also be shipped with loaded PC boards and other sensitive materials to provide the means for the field service technician to take appropriate ESD precautions.

### Key:

- A. Adjustable wrist strap portion with break-away feature.
- B. Material, vinyl static dissipative navy blue (both sides).
- C. Mini alligator clip to attach to ground.
- D. Ribbon length: 35.5 inches.
- E. Thickness of material: 15 mils +/- 10%.
- F. Mini alligator clip is crimped to the ribbon.
- G. Flame resistant
- H. Total resistance from clip to adjustable portion  $10^7$  ohms.
