

## Description

The APR [670026](#) Scorpion and Scarab Machine Cover is made from a texturized polyester and a minimum of 9% carbon mono-filament with a bottom elastic band. They provide continuous and consistent charge dissipation throughout the lifetime of the cover. The cover is designed to protect the APR Scorpion Rework System, Scarab Site Cleaning System, and their contents from ESD, dust, and other contaminants.

The APR [670026](#) Cover is compatible with the following items:

Item	Description
<a href="#">APR-1200-SRS</a>	Scorpion Rework System, with Manual Placement Head
