1. Turn label container over and align the flaps as shown.

2. Fold flap A down into place.

3. With flap A folded down in place, fold over both of the B flaps.

4. Finally fold over flap C and push in to tuck into open slot. Reach in from the top of the box and push the flaps down flat to lock.

5. Turn container over and insert roll of labels (includes roll of 1,000 Attention Labels, [click here for label details]). Loose end of roll should face the slot along the side and feed labels through the slot.

6. Fold over both of the A flaps. Tuck in flap B and close with locking tab.
