Electrical Properties:
Because the electrical properties of many high pressure laminates have some degree of humidity dependence, all high pressure laminate materials should be carefully tested for adequate performance at low humidity prior to selection and installation.

Measured at 50% and 12% relative humidity. Test reports available upon request.
Color and texture may vary between lots and mills.
Micastat is a registered trademark manufactured under the following U.S. Patents: 4,454,199; 4,455,350; 4,589,954; 4,645,717

Specifications:
Construction: High pressure thermoset amino resin laminate
Thickness: Nominal 0.038" (0.96mm)
Surface: Top - non-glare matte finish
Post Forming: 5/8" radius, NEMA LD 3.14
Weight: 0.31 lbs/sq ft (0.151 grams/cm²)
Abrasion Resistance: Exceeds NEMA LD 3-3.01 Standards
Chemical Resistance: Unaffected by most solvents
Heat Resistance: NEMA LD 3-3.06, 160°F (71°C) continuous
Cleaning: For optimum electrical performance of your ESD mat surface, clean regularly with an ESD mat cleaner. We suggest using Reztore™ Surface & Mat Cleaner, Item #10435 or Static-Wipes Item #10600. Do not use cleaners with silicone. Silicone buildup will create an insulative film on the surface.
Grounding: This material must be properly grounded for optimal electrical performance. Ask for Technical Bulletin P-2000 for grounding instructions.

Limited Lifetime Warranty:
Desco warrants for one year that Statfree® matting products will be free of defects in materials and workmanship and will guarantee dissipative/conductive mat properties for the life of the mat. Damage to matting caused by misuse of any kind, including using inappropriate cleaners is not covered by Desco Limited Warranty.

The premium choice for ESD bench dissipative worksurfaces. Provides a durable and attractive ESD controlled dissipative worksurface. Resists hot solder and most solvents; exceeds NEMA standards for wear resistance. Patented conductive layer provides superior charge dissipation and zero voltage suppression.

Hardware Included

Special sizes available upon request.
Top -- non-glare matte finish.
Bottom -- Double sided tape to attach.

RoHS Compliance Statement
None of the following materials are intentionally added in manufacturing this product: lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB) or polybrominated diphenyl ethers (PBDE) as outlined in the Directive 2002/95/EC Article 4.1. See Desco Industries Inc. letter on-line at Desco.com.
