

Features:

- Tin-Plated Steel Can - Used when strength and durability are important
- Tin plating allows storage of fluid not compatible with plastic
- Not recommended for chemicals that contain water
- One handed operation is perfect for cleaning with swabs and brushes
- Neck size: 1.25" diameter
- Dispenses approximately 0.2cc of liquid with each pump

Take-Along Pump:

- "One-Touch" one-handed operation frees operator's hands for use
- Locking pump will not leak when engaged - suitable for travel
- Patented one handed operation frees operator's hands
- Precision machined valves for a smooth consistent operation
- Cam-lock hinge keeps lid open and closed, reduces odors
- No silicone or latex - perfect for ultra clean environments
- Compatible with any 38-400 threaded neck container
- Dispenses approximately 0.2cc of liquid with each pump
